- *2020-21 Program Year Registration for program leaders/educators or Independent Inventor Program (IIP) is open NOW and closes Feb 15th. After a program leader or II completes the online registration for the program year, they receive access to program materials and can begin the program when they are ready. Registered program leaders & IIP will receive the regional registration links to use or share with eligible inventors, prior to their regional registration opening. (Visit website front page for link to register for program year)*
- *Students need to have their projects, video pitch submission, and all information fields in their regional online registration completed by the close of their regional registration period.*
- *Student video submissions will be evaluated by online judges for our Regional Competitions and State Competition. Students advancing from regionals to state, will have their registrations advanced to the state registration system.*
- *CollegeAdvantage 529 Savings Awards will be awarded in both the Regional and State competitions.*
